Subject:	Create any kind of document node via tree "+" button		
Description			

When creating a new node for the tree, the user should be able to select the (Document) node type he wants to create. Without this feature it was only possible to create Page nodes.

[FEATURE] Support for creating other document-like nodes

This change introduces support for creating other than just Page nodes
in the content tree. When clicking on the tree's "+" button, the user
may choose from available node types which inherit TYPO3.Neos:Document.
