[TASK] Reintroduce shake effect after failed login attempt

This was removed during the implementation of the new styling, however the purpose is still valid since we don't have any delay for failed login attempts so users can end up not noticing that it actually tried to login and failed so they keep waiting for a response.

New login design attached.

Needs to work in responsive widths.

Text is fixed to the bottom when there's space for it. Variable width. 32px in and 32px up from bottom of browser.

When text get close to overlapping login button (needs minimum distance of 60px) the text becomes scrollable.

Site name is added to the "Login to" button.

Not sure what the correct final text should be but the current in Alpha 5 is weird. For now, replace with:

"TYPO3 Neos – © 2006-2013 This is free software, and you are welcome to redistribute it under certain conditions; click for details. Extensions are copyright of their respective owners. If it's important to someone to have the names in there it must be discussed which names should go in.

Hi.

What about long site names? And what about setups where multiple sites are in the same Neos installation?

I'd say this is a dead end, and in the first designs we already had the name in, and it did not work out...

#3 - 2013-09-25 15:27 - Rasmus Skjoldan

Check - I'll do a revision where it's not in the button name.

#4 - 2013-09-25 15:41 - Rasmus Skjoldan

Patch set 1 for branch **master** has been pushed to the review server.

It is available at <https://review.typo3.org/24360>

#8 - 2013-10-04 10:53 - Tim Kandel

- *Assigned To* changed from *Tim Kandel* to *Rens Admiraal*

Basic implementation is done. Rens still has to take a look at it for responsiveness and will implement the rest

#9 - 2013-10-09 11:24 - Tim Kandel

As discussed with Rens today remaining TODOs are:

- responsiveness
- color of status message (wrong credentials, successful logout)

#10 - 2013-10-09 22:23 - Aske Ertmann

- *Status* changed from *Under Review* to *Resolved*
- *% Done* changed from *0* to *100*

#11 - 2013-10-09 22:23 - Aske Ertmann

- *Target version* changed from *1.0 beta 1* to *1.0 alpha 6*
