[TASK] Remove "Clear language cache" menu item

- To show the item, SYS/lang/cache/clear_menu has to be manually enabled, and a (not documented) userTSconfig option must be set.
- The item **never** worked since the underlying LanguageCacheClearer class expects an array with cacheCmd set to either "all" or "temp_cached", that is not set in the according AJAX call of the menu action.
- Class LanguageCacheClearer hooks into DataHandler and is only triggered on clear "all" cache.
- Clearing "all" cache flushes all caches anyway, so the hook currently triggers flushing the language cache a second time.
- SYS/lang/cache/lifetime is unused and can be removed.

Since the functionality is broken, not documented, obsolete and "internal" code of ext:lang, the whole thing is removed without further deprecation.
