Subject:	Install Tool: Allow multiple status messages for a single File		
Description			
<p>Sometimes a file has incorrect content and incorrect permissions. Currently only the permission problem is displayed and only after fixing that this uncovers the "wrong content" problem.</p> <p>We want to see as much "errors" in the same time, thus allow File and Directory status checks to return several errors / warnings at once.</p>

[TASK] Install Tool: Allow multiple permission status per file

Sometimes a file has incorrect content and incorrect permissions.
Now both warnings are shown at the same time.
