

TYPO3.Surf - Bug # 52468

Status:	Resolved	Priority:	Must have
Author:	Felix Oertel	Category:	
Created:	2013-10-02	Assigned To:	
Updated:	2014-11-06	Due date:	
Subject:	allow local		
Description			
the doc say			
* @param \TYPO3\Surf\Domain\Model\Node \$node Node to execute command against, NULL means localhost			
but the definition actually is			
public function execute(\$command, Node \$node, ...			
so it's not possible to execute local commands. This makes composer fail for me, because it tries to look up the composer.json (test -f) on the remote server instead of the local workspacePath.
