Revision 9321a008 - 2013-10-11 10:01 - Andreas Förthner

[TASK] Disallow access to foreign workspaces

The workspace module currently allows

to show, publish and discard workspaces

of other users.

Since we currently only have per user workspaces,

this change disables the selection of other

workspaces in the workspaces module controller

so that only access to the workspace of

the currently logged in user is possible.

Resolves: #52506

Resolves: #52504
