

TYPO3.Imagine - Bug # 52602

Status:	New	Priority:	Must have
Author:	Christian Jul Jensen	Category:	
Created:	2013-10-08	Assigned To:	
Updated:	2014-02-11	Due date:	
Subject:	Fatal error in Production mode if PhpUnit is not installed		
Description			
<p>Fatal error: Class 'PHPUnit_Framework_Constraint' not found in Packages/Libraries/imagine/imagine/lib/Imagine/Test/Constraint/IsImageEqual.php on line 19.</p> <p>Actually this should probably be fixed in Flow as unpresent or unreflectable classes should be ignored during compile time, I already implemented that, but I am not sure why it doesnt kick in, in this case</p>
