Revision e0c68ddf - 2013-12-07 09:50 - Steffen Ritter

[TASK] Add editing of file metadata to ClickMenu

The Context-Menu of files misses the editing pen allowing to directly edit the metadata of the file. Currently it only shows the edit-content possibility in case it is a text file.

This patch adds the missing option.

Resolves: #52835

Releases: 6.2

It is available at <https://review.typo3.org/25811>

#9 - 2013-11-30 22:06 - Steffen Müller

- File *edit-file.png* added

Having two items labeled with "edit" is ambiguous to the user.

edit-file.png

#10 - 2013-12-01 13:08 - Stefan Neufeind

The first one is added: edit meta-data (actually: edit the "record").

The second one existed before. Imho this is the one which is "out of line" from a programmers POV because it doesn't edit the record you clicked on, like we usually do, but instead edits the referenced object (the file it points to).
