Updated:	2010-10-20	**Due date:**	
Has patch:			
Affected Flow version:			
Subject:	Select with option multiple throws Fatal Error		
Description			

The following code results in a fatal error:

<f:form.select id="categories" property="categories" options="{categories}" multiple="multiple">

The error message is:

The form field name "[]" is invalid. Reason: "[]" used not as last argument.

History
