

Core - Bug # 53619

Status:	New	Priority:	Must have					
Author:	Andi Peh	Category:	Workspaces					
Created:	2013-11-13	Assigned To:						
Updated:	2015-01-23	Due date:						
TYPO3 Version:	4.5							
PHP Version:	5.4							
Complexity:								
Is Regression:	No							
Sprint Focus:								
Subject:	Moving Elements in draft - now my live is a mess							
Description								
<p>when moving content elements in DRAFT workspace (copy, drag, cut+paste, delete, etc.) there is a certain moment, when the content-icon is showing the following label when hovering:</p> <p>id=xxxx NEW LOCATION (PLH) WSID#0</p> <p>trying to move this item, produces duplicates of this element in draft preview (reproduced on 4.5 and 4.7)</p> <p>ALSO it is resulting in changing the LIVE workspace. (reproduced on 4.5 and 4.7 and 6.1 at demo.typo3.org)</p> <p>The change goes without any confirmed change log entries in the versioning.</p> <p>Please note: this is all done in DRAFT workspace - our users do not even have access to publish.</p> <p>Steps to reproduce:</p> <ul style="list-style-type: none">- goto http://demo.typo3.org/introduction/typo3 - add a draft workspace.- create a page with at least 2 content elements in 2 different columns (in LIVE ws) - or use existing start page- switch to DRAFT- cut-out one element- paste in after itself (result will be having a label: "id=xxxx NEW LOCATION (PLH) WSID#1")- cut-out the other element and post it after itself as well- now delete the first element (label will change to: "id=xxxx NEW LOCATION (PLH) WSID#0")- AND: instead of removing it - there will be a second element having the same id- cut out the element having the label ".. WSID#0"- and paste it after the element with label: ".. WSID#1"- see LIVE page for results :\ (within the next 30min: http://introduction.typo3cms.demo.typo3.org/) <p>This can be reproduced back to version 4.5.25 (also tried 4.7.1 and whatever is running on demo.typo3.org)</p>

History

#1 - 2013-12-10 00:58 - Michael Stucki

- Category changed from Bugs to Workspaces

#2 - 2013-12-10 00:59 - Michael Stucki

- Project changed from Workspaces & Versioning to Core

- Category changed from Workspaces to Workspaces

#3 - 2014-03-24 15:40 - Oliver Hader

- Is Regression set to No

Sounds like issue #55573 (which has been solved for TYPO3 6.2 and could be considered for back-porting)

#4 - 2015-01-23 11:33 - Mathias Schreiber

- *Target version set to 7.5*
