

TYPO3.Neos - Bug # 54186

Status:	Closed	Priority:	Should have
Author:	Thomas Hempel	Category:	
Created:	2013-12-04	Assigned To:	
Updated:	2014-10-02	Due date:	
Subject:	Setup fails after cache generation with internal server error (beta2)		
Description			
<p>When setting up a new installation and follow the instructions from the website you probably run into an internal server error.</p> <p>I'm not entirely sure what causes the problem, but it's very likely either a missing Settings.yaml or wrong file permissions.</p> <p>The error states that the argument "partial" was not registered.</p>			

History

#1 - 2014-10-02 12:24 - Sebastian Helzle

- Status changed from New to Closed

Could not be reproduced in Version 1.1.
