

## TYPO3.Neos - Bug # 54296

<b>Status:</b>	Closed	<b>Priority:</b>	Should have
<b>Author:</b>	Mathias Bolt Lesniak	<b>Category:</b>	
<b>Created:</b>	2013-12-09	<b>Assigned To:</b>	Bastian Waidelich
<b>Updated:</b>	2013-12-18	<b>Due date:</b>	
<b>Subject:</b>	Login page redirects to /neos/neos/login - adding base tag helps		
<b>Description</b>			
<p>Hi!</p> <p>After upgrading a Neos install from beta1 to beta2 I had an issue where the Neos login would redirect me to domain.local/neos/neos/login. This made it impossible to log in. The issue was fixed by adding <code>&lt;f:base /&gt;</code> to the Login Page Template at TYPO3.Neos/Resources/Private/Templates/Login/Index.html.</p> <p>In my changed version the "head" section looks like this:</p> <pre>&lt;f:section name="head"&gt;   &lt;title&gt;TYPO3 Neos Login&lt;/title&gt;   &lt;f:base /&gt;   &lt;link rel="stylesheet" href="{f:uri.resource(path: 'Styles/Login.css')}" /&gt;   &lt;script src="{f:uri.resource(path: 'Library/jquery/jquery-1.10.2.js')}"&gt;&lt;/script&gt;   &lt;script src="{f:uri.resource(path: 'Library/jquery-ui/js/jquery-ui-1.10.3.custom.js')}"&gt;&lt;/script&gt; &lt;/f:section&gt;</pre> <p>Patch attached.</p> <p>- Mathias</p>

Hi Bastian!

Thanks for pointing me in the right direction!

Isn't Flow updates as a dependency when running composer require "typo3/neos:1.0.0-beta2" or is the change too recent?

Here's my currently installed Flow version:

```
TYPO3.Flow mathias$ git describe --tags  
FLOW3-1.1.0-beta1-1024-g52e2d76
```

Would you recommend that I simply pull the current master?

Best wishes

Mathias

### #3 - 2013-12-11 00:19 - Bastian Waidelich

Hi Mathias,

the dependencies were not correct in beta2. Now I would suggest to upgrade to 1.0.0 final and it should fetch all required dependencies in the right version: <http://neos.typo3.org>

Thanks for testing!

### #4 - 2013-12-18 13:55 - Bastian Waidelich

- *Status changed from Needs Feedback to Closed*

I assume this one can be closed. Comment or re-open if you have further issues
