

TYPO3.Neos - Feature # 54565

Status:	Closed	Priority:	Could have
Author:	Tanel Põld	Category:	
Created:	2013-12-22	Assigned To:	
Updated:	2015-03-09	Due date:	
Subject:	Preset crop ratios for images		
Description			
Configurable preset crop ratios in crop tool. Little drop down menu or just shape icons toolbar. Selecting the preset and moving it around/scaling on the picture is needed.			

History

#1 - 2015-03-09 15:44 - Jonas Renggli

- Status changed from New to Closed

This issue is a duplicate for <https://forge.typo3.org/issues/49938> and <https://jira.typo3.org/browse/NEOS-557>

This feature has already been added and should now be available since TYPO3 Neos 1.2.

Please have a look at <https://jira.typo3.org/browse/NEOS-557>

Excerpt from the commit message

Example configuration::

```
editorOptions:  
  crop:  
    aspectRatio:  
      options:  
        square:  
          width: 1  
          height: 1  
          label: 'Square'  
        fourFive:  
          width: 4  
          height: 5  
    enableOriginal: TRUE  
    allowCustom: TRUE  
  locked:  
    width: 0  
    height: 0
```

Example of disabling available options::

```
# Disable ``square`` option  
'Acme.Demo:Image':  
  properties:  
    image:  
      ui:  
        inspector:  
          editorOptions:  
            crop:
```

aspectRatio:

options:

square: ~
