

TYPO3.Neos - Bug # 54584

Status:	Closed	Priority:	Should have
Author:	Chr is	Category:	
Created:	2013-12-23	Assigned To:	
Updated:	2014-10-04	Due date:	

Subject: Drag & Drop PDF files->Media Management = constantly exception on opening Media Management

Description

I opened my site's Media Management (<http://www.example.org/neos/management/media>).

Then I selected 2 PDF files from my Desktop, drag&dropped them to the Media Management field saying "... drop here".

I got the exception below.

From then on every attempt to access my site's Media Management (<http://www.example.org/neos/management/media>) fails with this exception (deleting everything within directory `/path/to/TYPO3-Neos/Data/Temporary` did not help here!)

#####

Uncaught Exception in Flow

#1: Catchable Fatal Error: Argument 1 passed to TYPO3\Media\ViewHelpers\ImageViewHelper_Original::render() must implement interface TYPO3\Media\Domain\Model\ImageInterface, instance of TYPO3\Media\Domain\Model\Document given in `/path/to/TYPO3-Neos/Data/Temporary/Development/Cache/Code/Flow_Object_Classes/TYPO3_Media_ViewHelpers_ImageViewHelper.php` per.php line 104

More information

TYPO3\Flow\Error\Exception thrown in file

Packages/Framework/TYPO3.Flow/Classes/TYPO3/Flow/Error/ErrorHandler.php in line 77.

Patch set 4 for branch **master** of project **Packages/TYPO3.Media** has been pushed to the review server.

It is available at <https://review.typo3.org/26549>

#3 - 2013-12-26 15:49 - Chr is

After Upgrading to Development Master I get while Entering Media Management (<http://example.org/neos/management/media>)

#####

500 Internal Server Error

An internal error occurred.

When contacting the maintainer of this application please mention the following reference code:

20131226154642c30280#####

#4 - 2013-12-26 15:56 - Chr is

After flushing the cache I get the same error msg with reference code

201312261552165fe10d

and after changing Shebang line of file "flow" to

```
#!/usr/bin/php -d magic_quotes_gpc=0 -d date.timezone="Europe/Berlin"
```

and flushing the cache afterwards I get the same error msg with reference code

20131226155442724521

#5 - 2013-12-26 15:58 - Chr is

I am not sure if the reference code is helpful- it changes everytime I reload the Page <http://example.org/neos/management/media>

Seems like a hash with time reference in it.

What is the reference code's purpose?

#14 - 2014-10-04 13:03 - Jonas Renggli

- Status changed from Under Review to Closed

Changes have been merged.

Should be fixed since Neos 1.0.2 and 1.1.0
