

TYPO3.Neos - Bug # 54635

Status:	Closed	Priority:	Should have
Author:	Chr is	Category:	
Created:	2013-12-29	Assigned To:	
Updated:	2014-10-01	Due date:	
Subject:	Neos backend URL for "globe" (sitename) contains double slash (//) at the end		
Description			
<p>After logging into Neos backend as admin I noticed the URL attached to the globe icon that is prepending the site's name has a double slash (//) at the end and thus redirecting to Neos backend login screen instead of the content view.</p> <p>Please see attached screenshot for visual confirmation and detail.</p> <p>Latest Neos version used: 1.0.1</p>			

History
