Subject:	Software Ergonomics: Tooltip for User Roles in Neos User Management		

Description

In Neos backend GUI -> Administration -> User Management there is a column "Roles".

For EDITORs it shows: TYPO3.Neos:Editor (TYPO3.TYPO3CR:Administrator)
For ADMINISTRATORs is shows: TYPO3.Neos:Administrator (TYPO3.Neos:Editor)

This is not self-explanatory. How is this to be read?

If it is to be read as "User has the Role TYPO3.Neos:Editor" then - what does the appendix in brackets mean?

From a software ergonomics point of view there should be a mouse-over explanation (Tooltip) giving the user a helping hand.
