[TASK] FrontendContentAdapterService processes record repeatedly

The FrontendContentAdapterService rewrites records so legacy TypoScript is able to work on the files to. To do so it queries the objects regarding the relations and fills the properties of the record new line separated as known from pre-6.x records.

This change adds a runtime cache, so already processed records of are not processed again, if the next cObject for the same record is started.

Resolves: #54953

Releases: 6.2, 6.1

Revision fe7e00da - 2014-02-23 23:51 - Markus Klein

Revert "[TASK] FrontendContentAdapterService processes record repeatedly"

This reverts commit 3adf78359015401648fcec4befe70e9bd0b7a2ea

This patch breaks section menus as it introduces invalid caching.
The original patch has not yet been backported.
