#### Revision 41aedcf6 - 2014-03-13 12:18 - Marc Bastian Heinrichs

[BUGFIX] Fix xml2array values for attributes type NULL

Method array2xml converts elements with value NULL to nodes with attribute type "NULL" and empty value, e.g.:

```
<node index="myIndex" type="NULL"></node>
```

This is not correct transformed back in xml2array and results in an empty string as value.

This in turn results in wrong imported data using impexp with xml format.

Resolves: #55082

Releases: 6.2
