Subject:	Extend FunctionalTestCase with linked fileadmin folders		
Description	For the import/export functional tests you need to have a fileadmin folder in place of the dynamically created instance, where user generated assets are stored which should be tested to be exported.

[TASK] Extend functional tests with linked paths

Extends the functional tests with the possibility to link folders or files inside the TYPO3 CMS test instance created within typo3temp.

For example you are able to link a folder inside the fixture data of the functional tests to the fileadmin folder of the test instance.
