[TASK] Limit the exported record fields in impexp

To be able to compare mostly only the data provided in the database fixtures, the export needs to be limited to a given set of fields of a record type.

This will loose the strict xml comparison of all existing fields in the database and the tests would not break whenever we change ext:core or ext:frontend ext_tables.sql.

Resolves: #55625

Releases: 6.2
