Subject:	Extbase: Optimize ClassInfoFactory with the ClassInfoCache		
Description	<p>The ClassInfoFactory does it's own Reflection. Optimize this by using the ReflectionService. Depends on #57594.</p> <p>The classInfoCache saves every classInfo to a single cache entry. Remove this redundant Cache and make it a RuntimeCache only.</p>

The patch pushed to gerrit was abandoned since it was stalled for a long time. This needs a fresh approach :)
