TYPO3.Fluid - Feature # 55723

Status:	Closed	**Priority:**	Should have
Author:	Carsten Bleicker	**Category:**	
Created:	2014-02-06	**Assigned To:**	Bastian Waidelich
Updated:	2014-02-06	**Due date:**	
Has patch:	No		
Subject:	Support of schema.org attributes		

Description

\TYPO3\Fluid\Core\ViewHelper\AbstractTagBasedViewHelper::registerUniversalTagAttributes should support schema.org microformat properties as much as possible.

f.e. itemprop="image"

Just in case you don't know: You can use the **additionalAttributes** argument (that is available in all TagBasedViewHelpers) to set arbitrary attributes:

```
1<f:some.tag additionalAttributes="{itemprop: 'image'}" />
```
