TYPO3.Flow - Bug # 5576

Status:	Resolved	**Priority:**	Must have
Author:	Robert Lemke	**Category:**	Configuration
Created:	2009-11-30	**Assigned To:**	Robert Lemke
Updated:	2010-10-20	**Due date:**	

PHP Version:	
Has patch:	
Complexity:	
Affected Flow version:	
Subject:	Cache Manager receives bloated configuration array

Description

The Configuration Manager gets the names and options caches configured in Caches.yaml by a setter methods. This array should only contain names of caches (cache identifiers) and their configuration options. In reality however this array contains additional information from **somewhere**:

array(31) { ["Default"]=> array(3) { ["frontend"]=> string(40) "F3\FLOW3\Cache\Frontend\VariableFrontend" ["backend"]=> string(34) "F3\FLOW3\Cache\Backend\FileBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } ["FLOW3_AOP_ProxyClassCodes"]=> array(1) { ["frontend"]=> string(38) "F3\FLOW3\Cache\Frontend\StringFrontend" } ["FLOW3_AOP_ProxyBuildInformation"]=> array(0) { } ["FLOW3_AOP_TargetClassInformation"]=> array(0) { } ["FLOW3_Cache_ClassFiles"]=> array(0) { } ["FLOW3_Cache_ResourceFiles"]=> array(0) { } ["FLOW3_Configuration"]=> array(0) { } ["FLOW3_Core"]=> array(0) { } ["FLOW3_Monitor"]=> array(0) { } ["FLOW3_Reflection"]=> array(0) { } ["FLOW3_Resource_MetaData"]=> array(0) { } ["FLOW3_Resource_Status"]=> array(1) { ["frontend"]=> string(38) "F3\FLOW3\Cache\Frontend\StringFrontend" } ["FLOW3_Security_Policy"]=> array(0) { } ["FLOW3_Security_Cryptography_RSAWallet"]=> array(2) { ["backend"]=> string(34) "F3\FLOW3\Cache\Backend\FileBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(30) } } ["FLOW3_Object_Configurations"]=> array(0) { } ["FLOW3_MVC_Web_Routing_FindMatchResults"]=> array(2) { ["backend"]=> string(45) "F3\FLOW3\Cache\Backend\TransientMemoryBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } ["FLOW3_MVC_Web_Routing_Resolve"]=> array(3) { ["frontend"]=> string(38) "F3\FLOW3\Cache\Frontend\StringFrontend" ["backend"]=> string(45) "F3\FLOW3\Cache\Backend\TransientMemoryBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } ["Fluid_SyntaxTreeCache"]=> array(3) { ["frontend"]=> string(40) "F3\FLOW3\Cache\Frontend\VariableFrontend" ["backend"]=> string(45) "F3\FLOW3\Cache\Backend\TransientMemoryBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } ["FLOW3"]=> array(17) { ["Default"]=> array(3) { ["frontend"]=> string(40) "F3\FLOW3\Cache\Frontend\VariableFrontend" ["backend"]=> string(34) "F3\FLOW3\Cache\Backend\FileBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } ["FLOW3_AOP_ProxyClassCodes"]=> array(1) { ["frontend"]=> string(38) "F3\FLOW3\Cache\Frontend\StringFrontend" } ["FLOW3_AOP_ProxyBuildInformation"]=> array(0) { } ["FLOW3_AOP_TargetClassInformation"]=> array(0) { } ["FLOW3_Cache_ClassFiles"]=> array(0) { } ["FLOW3_Cache_ResourceFiles"]=> array(0) { } ["FLOW3_Configuration"]=> array(0) { } ["FLOW3_Core"]=> array(0) { } ["FLOW3_Monitor"]=> array(0) { } ["FLOW3_Reflection"]=> array(0) { } ["FLOW3_Resource_MetaData"]=> array(0) { } ["FLOW3_Resource_Status"]=> array(1) { ["frontend"]=> string(38) "F3\FLOW3\Cache\Frontend\StringFrontend" } ["FLOW3_Security_Policy"]=> array(0) { } ["FLOW3_Security_Cryptography_RSAWallet"]=> array(2) { ["backend"]=> string(34) "F3\FLOW3\Cache\Backend\FileBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(30) } } ["FLOW3_Object_Configurations"]=> array(0) { } ["FLOW3_MVC_Web_Routing_FindMatchResults"]=> array(2) { ["backend"]=> string(45) "F3\FLOW3\Cache\Backend\TransientMemoryBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } ["FLOW3_MVC_Web_Routing_Resolve"]=> array(3) { ["frontend"]=> string(38) "F3\FLOW3\Cache\Frontend\StringFrontend" ["backend"]=> string(45) "F3\FLOW3\Cache\Backend\TransientMemoryBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } } ["DocumentationBrowser"]=> array(0) { } ["ExtJS"]=> array(0) { } ["Fluid"]=> array(1) { ["Fluid_SyntaxTreeCache"]=> array(3) { ["frontend"]=> string(40) "F3\FLOW3\Cache\Frontend\VariableFrontend" ["backend"]=> string(45) "F3\FLOW3\Cache\Backend\TransientMemoryBackend" ["backendOptions"]=> array(1) { ["defaultLifetime"]=> int(0) } } }

Revision cc0e877a - 2009-11-30 17:48 - Robert Lemke

[-API] FLOW3 (Configuration): Removed the Configuration Manager's getSettings() method! If you relied on this method please use getConfiguration()
instead, but be aware that this is not an official API method. The recommended way to retrieve settings are injectSettings() methods (see manual for
more information). Relates to #5577
[~TASK] FLOW3 (Configuration): Cleaned up and refactored the Configuration Manager's loadConfiguration() method. Resolves #5577
[BUGFIX] FLOW3 (Configuration): Fixed build of the caches configuration array. Resolves #5576.
