

## Base Distribution - Story # 55817

Epic # 55813 (Closed): Access Control Lists

<b>Status:</b>	Closed	<b>Priority:</b>	Should have
<b>Author:</b>	Bastian Waidelich	<b>Category:</b>	
<b>Created:</b>	2014-02-09	<b>Assigned To:</b>	
<b>Updated:</b>	2014-03-24	<b>Due date:</b>	
<b>Subject:</b>	Access control for files		
<b>Description</b>			
It's currently not possible to restrict access to certain files/assets.			
<b>TYPO3 CMS</b>			
In TYPO3 CMS file access can be controlled via the "File Mounts" options:			
ACL_Filemounts_01.png			
ACL_Filemounts_02.png			
+ Easy to use			
- Inflexible (only based on the file path, not type for example)			
(to be continued)			

### History

#### #1 - 2014-02-12 11:38 - Bastian Waidelich

TODO: Ask Robert about the state of resource management & if permissions is already part of it / planned

Ideas:

- Assets can be bound to one or more AssetCollections
- AssetCollections can be restricted to roles/groups

#### #2 - 2014-03-24 18:25 - Bastian Waidelich

- Status changed from New to Closed

Moved to <https://jira.typo3.org/browse/NEOS-32>
