Subject:	InitalizeActions typo in FLOW3 Manual

Description
The FLOW3 manual mentions the "initializedAction()" init method on action controllers, while the API docs contain "initializeAction()" (no 'd' in the latter). The typo is here: http://flow3.typo3.org/documentation/manuals/flow3/flow3.mvcframework/#d0e2242 -- search for "initializedAction" I believe it should be "initializeAction" as per: http://flow3.typo3.org/fileadmin/API/FLOW3/F3/FLOW3/MVC/Controller/class-ActionController.html
