[BUGFIX] Discard vs. Delete workspace changes in tests

Discarding workspace changes works with the version command "clearWSID" which might come down to a "delete" action if the versioned records have a delete or new placeholder (which is the case for copied or localized elements).  
However, the functional tests need to use the "clearWSID" instead of the "delete" command.

Resolves: #56111

Releases: 6.2
