

Core - Bug # 56351

Status:	New	Priority:	Should have
Author:	zebulon no-lastname-given	Category:	Backend User Interface
Created:	2014-02-26	Assigned To:	
Updated:	2015-07-17	Due date:	
TYPO3 Version:	4.5		
PHP Version:			
Complexity:			
Is Regression:	No		
Sprint Focus:			
Subject:	view page in another language than default language from Backend is incorrect		
Description			
<p>When I try to view a content translated in another language than default language from Backend in list module I see only content in default language.</p> <p>steps to reproduce in module list:</p> <p>create a content in default language</p> <p>add a translation of this content</p> <p>on the content translated, do a right click then select "Show"</p> <p>you will see only the content in default language</p> <p>I have tried on 2 differents websites and problem is the same.</p> <p>Tested on Typo3 version 4.5.32</p>

History

#1 - 2014-06-27 17:33 - Markus Klein

If this still exists on 6.2 we need to ensure the link appends the target L parameter correctly.

#2 - 2015-07-17 11:23 - Riccardo De Contardi

still present in 6.2.14 and 7 (latest master)
