

TCA Reference - Bug # 56584

Status:	Closed	Priority:	Must have
Author:	Alexander Stehlik	Category:	
Created:	2014-03-05	Assigned To:	Francois Suter
Updated:	2014-08-01	Due date:	
Subject:	Default value can be set to NULL		
Description	<p>Currently only strings are allowed as default values. Setting the default value to NULL would result in an empty string (even if eval is set to null).</p> <p>When the patch for #54412 is merged it will be possible to set the default value of a field to NULL when null is set in the eval configuration.</p>
