[BUGFIX] Option labels not translated anymore

The configuration options labels are not translated anymore in the Extension Manger.

This is due to a recent refactoring, which encapsulated the translation process in a separate method, but forgot to return the translated value.

Resolves: #57198

Releases: 6.2

History

#1 - 2014-03-23 10:45 - Francois Suter

How to reproduce:

- go to the Extension Manager
- open the configuration view of an extension with localized labels, "news" for example
- the labels are mangled, because "LLL:" is used as the header and the rest of the localization key as description
- apply the patch
- the translations look good again

#2 - 2014-03-23 10:47 - Gerrit Code Review

- *Status changed from Accepted to Under Review*

Patch set 1 for branch **master** of project **Packages/TYPO3.CMS** has been pushed to the review server.

It is available at <https://review.typo3.org/28657>
