Status:	New	Priority:	Should have
Author:	Andreas Wolf	Category:	Package
Created:	2014-03-30	Assigned To:	
Updated:	2014-03-30	Due date:	
PHP Version:			
Has patch:	No		
Complexity:			
Affected Flow version: Git master			
Subject:	Composer package replacement is not supported		
Description			
<p>Composer offers a way to replace another package with your package (see https://getcomposer.org/doc/04-schema.md#replace).</p> <p>This mechanism is however currently not supported by the Flow package management.</p> <p>A way to introduce this would be to allow package aliasing as a more generic approach.</p>
