

TYPO3.Neos - Bug # 57670

Status:	Closed	Priority:	Should have
Author:	Rik Willems	Category:	
Created:	2014-04-05	Assigned To:	Philipp Hanebrink
Updated:	2014-10-01	Due date:	
Subject:	Tag not preserved right for upload in media module		
Description			
<p>In the media module you can create tags and select these. When selecting a tag you get an url like [1]. Then when clicking the upload button you get an url like [2]. But, when you switch the view mode before going to upload you get an url like [3]. After both [2] and [3] you get back at the selected tag.</p> <p>1) http://dev.neos.loc/neos/management/media/?moduleArguments%5Btag%5D%5B_identity%5D=6584559f-0f39-7d8d-2c45-3a3b7cbdd48</p> <p>2) http://dev.neos.loc/neos/management/media/new</p> <p>3) http://dev.neos.loc/neos/management/media/new?tag%5B_identity%5D=6584559f-0f39-7d8d-2c45-3a3b7c1bdd48</p>

- Assigned To set to Philipp Hanebrink

This sounds like the wished behavior.

It doesn't matter if you switched view before uploading you still expect to return to the previous selected tag.

If I misunderstood you please open a new issue on <https://jira.typo3.org/>
