[BUGFIX] Set maxLevels of generated sys\_category TCA

The maxLevels in the TCA tree configuration is not set by the CategoryRegistry. As a result only 4 levels are shown.

This patch sets the maxLevels to 99 and also updates the appearance settings of the sys\_category:parent field so these are inline with the other category tree fields.

Resolves: #57750

Releases: 6.2

#### #1 - 2014-04-08 15:21 - Gerrit Code Review

- Status changed from New to Under Review

Patch set 1 for branch **master** of project **Packages/TYPO3.CMS** has been pushed to the review server.

It is available at <https://review.typo3.org/29297>

#### **#2 - 2014-04-08 15:25 - Frans Saris**

The TCA settings done by the CategoryRegistry can not overruled easily as these are added after all TCA files (from TCA folders and ext\_tables.php files) are loaded.

So when you want to override these settings you have to remove the table from "\$GLOBALS['TYPO3\_CONF\_VARS']['SYS']['defaultCategorizedTables']" and add it your self again.
