Sprint Focus:	

Subject:	Add more File Abstraction Layer reports
Description	

To check the integrity of the sys_file index, other reports are usefull:

  - report, if for records the missing status is missing (files are deleted - index not up-to-date)
  - report, if pids of sys_file_reference records are fitting to pids of related records
  - report, if sys_file_reference records pointing to lost sys_file records
  - report, if sys_file contains duplicates on combined identifier (storage, identifier)
  - report, if sys_file contains duplicates for the same file in different storages
