TYPO3.Fluid - Bug # 59057

Status:	Under Review	**Priority:**	Must have
Author:	Alexander Berl	**Category:**	ViewHelpers
Created:	2014-05-23	**Assigned To:**	Bastian Waidelich
Updated:	2014-06-18	**Due date:**	

Has patch:	No
Affected Flow version:	Git master
Subject:	Hidden empty value fields shoud be disabled when related field is disabled

Description

Use case: A form which is used to redisplay a stored entity with some fields (checkbox) being disabled for further edit, where the current value is **checked**.
Submit the edit form without changes.

Expected: The value for the disabled checkbox fields stays unchanged

Actual: The empty default value for the fields is submitted, hence the state of the disabled checkbox field changed to **unchecked**

Solution: AbstractFormFieldViewHelper::renderHiddenFieldForEmptyValue() needs to check if the current field is disabled, and if so, add this flag to the hidden field

History

#1 - 2014-05-23 13:17 - Bastian Waidelich

- Project changed from TYPO3.Flow to TYPO3.Fluid

Moved to TYPO3.Fluid issue tracker

#2 - 2014-05-23 13:42 - Bastian Waidelich

- Category set to ViewHelpers

- Status changed from New to Accepted

- Assigned To set to Bastian Waidelich

Good catch! I assign this one to myself so I won't forget it, but my todo list is quite large atm so it will take a while. If anyone feels like pushing a change, don't let that stop you!! ;)

#3 - 2014-06-18 17:01 - Gerrit Code Review

- Status changed from Accepted to Under Review

Patch set 1 for branch **master** of project **Packages/TYPO3.Fluid** has been pushed to the review server.
It is available at https://review.typo3.org/30817

#4 - 2014-06-18 17:23 - Gerrit Code Review

Patch set 2 for branch **master** of project **Packages/TYPO3.Fluid** has been pushed to the review server.

It is available at https://review.typo3.org/30817
