Complexity:			
Sprint Focus:			
Subject:	Highlight page tree depending on current workspace element		
Description	<p>The workspace module show various workspace elements that can be grouped by the accordant page already. However, on dealing with a lot of elements there, highlighting the workspace element in the page tree as well, seems to be helpful.</p>		
Related issues:	related to Core - Bug # 60405: PageTree cannot select/expand hidden nodes Under Review 2014-07-20
