History

#1 - 2014-09-13 00:37 - Tymoteusz Motylewski

the problem is that the first parameter is added with "&" instead of "?"

#2 - 2014-09-13 00:40 - Tymoteusz Motylewski

the patch from <https://review.typo3.org/#/c/32405/2> also solves this issue.

The question is whether this problem also occurs on 6.2 and if yes, how to solve it there.

on 6.3 yes, need to check what about 6.2

#5 - 2014-09-17 12:32 - Mateusz Wojtuła

I have checked it in TYPO3 6.2.4-dev and it works correctly.
