

Core - Feature # 62271

Status:	Closed	Priority:	Should have
Author:	Christoph Dörfel	Category:	Install Tool
Created:	2014-10-16	Assigned To:	
Updated:	2015-01-09	Due date:	
PHP Version:	5.5		
Complexity:			
Sprint Focus:			
Subject:	Install Tool unavailable if there are unresolved dependencies		
Description			
<p>If a TYPO3 extension / package is not listed in PackageStates and another extension / package depends on it, the DependencyResolver throws and UnexpectedValueException.</p> <p>This exception is uncaught even in the install tool, where we should be able to resolve such problems - either by deactivating the extension with the missing dependency or by updating the PackageStates file.</p> <p>This is an extreme edge case and it won't happen very often. For the sake of usability this exception should be caught and handled accordingly in the install tool.</p> <p>PHP Fatal error: Uncaught exception 'UnexpectedValueException' with message 'The package "myextension" depends on "nothere" which is not present in the system.' in /typo3/sysex/core/Classes/Package/DependencyResolver.php:140</p> <p>Stack trace:</p> <p>#0 /typo3/sysex/core/Classes/Package/DependencyResolver.php(240):</p> <p>TYPO3\CMS\Core\Package\DependencyResolver->buildDependencyGraphForPackages(Array, Array)</p> <p>#1 /typo3/sysex/core/Classes/Package/DependencyResolver.php(51):</p> <p>TYPO3\CMS\Core\Package\DependencyResolver->buildDependencyGraph(Array)</p> <p>#2 /typo3/sysex/core/Classes/Package/PackageManager.php(701):</p> <p>TYPO3\CMS\Core\Package\DependencyResolver->sortPackageStatesConfigurationByDependency(Array)</p> <p>#3 /typo3/sysex/core/Resources/PHP/TYPO3. in /typo3/sysex/core/Classes/Package/</p>

History

#1 - 2015-01-09 12:08 - Mathias Schreiber

- Status changed from New to Closed

Taken into account in #63909.

The issues are not linked on purpose, so the refactoring ticket does not get bloated with relations.
