

Core - Bug # 63380

Status:	Under Review	Priority:	Should have
Author:	Chris topher	Category:	
Created:	2014-11-27	Assigned To:	Anja Leichsenring
Updated:	2015-07-24	Due date:	
TYPO3 Version:	6.2		
PHP Version:			
Complexity:			
Is Regression:	No		
Sprint Focus:			
Subject:	FLUIDTEMPLATE: New fallback paths miss stdWrap		
Description			
<p>Although documented inside the code and also on docs.typo3.org, the new properties layoutRootPaths and partialRootPaths both currently still miss stdWrap.</p> <p>Add it!</p> <p>(Nitpick: Also fix the comment in around line 39 to say "partialRootPaths array of filepaths+stdWrap Root paths to partials")</p>

Revision f16a00ed - 2015-07-18 16:21 - Anja Leichsenring

[BUGFIX] Add stdWrap support for Partial- and layoutRootPaths

The single occurrences layoutRootPath and partialRootPath have stdWrap support, but not the collection entries of layoutRootPaths and partialRootPaths. This is added now.

- *Description updated*

#2 - 2015-01-06 07:59 - Frederic Gaus

This is not true for the current master. For layoutRootPath the stdWrap is applied in line 132 and for partialRootPath the stdWrap is applied in line 156. So only the phpDoc has to be fixed.

Thanks for pushing the patch, guys! However, please double check the exact property names! You are speaking about the properties **without** plural -s. What I mean are different properties - I mean **layoutRootPaths** and **partialRootPaths** - those **with** plural -s at the end.

These two properties still miss stdWrap!

It is available at <http://review.typo3.org/41679>

#20 - 2015-07-19 12:56 - Loek Hilgersom

Current solution as implemented and merged in <http://review.typo3.org/41584> doesn't work correctly.

cObj->stdWrap calls should be replaced by cObj->cObjGetSingle
