TYPO3.Flow - Feature # 6390

Status:	Resolved	**Priority:**	Should have
Author:	Marc Neuhaus	**Category:**	Reflection
Created:	2010-02-07	**Assigned To:**	Karsten Dambekalns
Updated:	2010-10-20	**Due date:**	

PHP Version:	
Has patch:	
Complexity:	
Subject:	ObjectAccess::getPropertyPath doesn't support Arrays

Description

Would be great to enable the Access of Arrays through the getPropertyPath.

It already used to work with this old implementation of the getProperty function:
static public function getPropertyPath($object, $propertyPath) {
    $propertyPathSegments = explode('.', $propertyPath);
    foreach ($propertyPathSegments as $pathSegment) {
        $object = self::getProperty($object, $pathSegment);
        if ($object === NULL) return NULL;
    }
    return $object;
}

Main Problem seems the isPropertyGettable function because it only checks the Objects getters and doesn't consider all Possibilities supported by the getProperty function.
