

TYPO3.ExtJS - Bug # 6667

Status:	Resolved	Priority:	Should have
Author:	Erik Frister	Category:	ViewHelper
Created:	2010-03-03	Assigned To:	Karsten Dambekalns
Updated:	2010-10-20	Due date:	
Subject:	ExtJS ViewHelper are not working		
Description			
Both ViewHelpers (IncludeViewHelper and UxViewHelper) are not working properly. The path to the CSS/JS files is broken. The files reside under "_Resources/Static/Packages" instead of "Resources/Packages". The paths have to be corrected.

[+BUGFIX] ExtJS: Deleted trunk folder in 3.0.0 tag that should never have been there, fixes #6667.

History

#1 - 2010-03-03 05:32 - Erik Frister

Ah, it's already fixed, the problem is that the alpha7 release has a folder "trunk" in the ExtJS package folder ("Framework/ExtJS/trunk") in which the error I reported is already solved. So I guess its an error with the alpha7 release.

#2 - 2010-03-11 10:52 - Karsten Dambekalns

- Project changed from *TYPO3.Flow* to *TYPO3.ExtJS*
- Category deleted (Package)

#3 - 2010-03-11 10:52 - Karsten Dambekalns

- Category set to *ViewHelper*
- Status changed from *New* to *Accepted*
- Assigned To set to *Karsten Dambekalns*

#4 - 2010-03-11 21:30 - Karsten Dambekalns

- Estimated time set to *1.00*

#5 - 2010-03-11 21:36 - Karsten Dambekalns

Right, the 3.0.0 tag of the ExtJS package in SVN is borked, sorry for that. 3.1.1 will be tagged more carefully...

#6 - 2010-03-11 22:00 - Karsten Dambekalns

- Status changed from *Accepted* to *Resolved*
- % Done changed from *0* to *100*

Applied in changeset r3931.
