

## TYPO3.Flow - Bug # 6693

<b>Status:</b>	Resolved	<b>Priority:</b>	Should have
<b>Author:</b>	Thomas Fritz	<b>Category:</b>	Core
<b>Created:</b>	2010-03-04	<b>Assigned To:</b>	Karsten Dambekalns
<b>Updated:</b>	2010-10-20	<b>Due date:</b>	
<b>PHP Version:</b>			
<b>Has patch:</b>			
<b>Complexity:</b>			
<b>Affected Flow version:</b>			
<b>Subject:</b>	Request Bash if you use bash in the flow3 shell script		
<b>Description</b>			
<p>The first line of flow3 should read as <code>#!/bin/bash</code> instead of <code>@#!/bin/sh@</code>.</p> <p>There is no symlink on every environment from <code>/bin/sh</code> to <code>/bin/bash</code> and the flow3 script uses bash features.</p> <p>At least for all common Linux environments and Mac Environments there is bash available, so we should request it.</p>
