

Core - Bug # 67066

Status:	Resolved	Priority:	Should have
Author:	Morton Jonuschat	Category:	Install Tool
Created:	2015-05-20	Assigned To:	
Updated:	2015-06-04	Due date:	
TYPO3 Version:	7		
PHP Version:	5.6		
Complexity:			
Is Regression:	No		
Sprint Focus:			
Subject:	Important Actions -> Clear all caches fails with DBAL		
Description	<p>Clearing all cache from the Install Tool fails on master. Installation is configured with DBAL and PostgreSQL 9.4.</p> <p>After a while this error gets shown:</p> <p>mysqli::real_connect(): MySQL server has gone away in /Users/mjonuschat/Documents/Development/TYPO3/Sites/postgresql/typo3_src-master/typo3/sysextdbal/Classes/Database/DatabaseConnection.php line 3041</p> <p>Somewhere in the install tool the wrong driver gets selected. Compare Database and other DB related stuff works, not a generic configuration problem.</p>

Revision e3fbdadd - 2015-05-25 13:40 - Morton Jonuschat

[BUGFIX] Initialize database connection in ClearCacheService

Without calling initialize() on the DatabaseConnection object the DBAL the resulting connection configuration will default to the "native" driver type (MySQL) which results in an error as there is no MySQL server to contact with the given connection parameters.

Resolves: #67066

Releases: master, 6.2
