

Introduction Package - Bug # 67906

Status:	New	Priority:	Should have
Author:	Alex Kellner	Category:	
Created:	2015-07-03	Assigned To:	
Updated:	2015-07-03	Due date:	
Subject:	Call to a member function getUid() on a non-object if an editor opens the Filelist module		
Description			
TYPO3 7.3.1			
Simple to reproduce:			
<ul style="list-style-type: none">- Use the default introduction package- Login as Admin - all is fine- Simulate (or logout and login) as advanced_editor- Open the backend module Filelist			
Related issues:			
related to Core - Bug # 68528: official introduction package fails to install...		Resolved	2015-07-25

History

#1 - 2015-07-03 17:16 - Markus Sommer

- Project changed from Core to Introduction Package
- Category deleted (File Abstraction Layer (FAL))

The problem is at the current Introduction Package. The filemounts have the UID 0.
