- Status changed from New to Accepted
- Assigned To set to Andreas Förthner

Now that the DNS is set up (see #7360) I need to know where to put files for the demo site. Currently all I know is that it's the blogs.hosting.netlogix.de server and that I get "The VHOST is not configured on this server!" when I call that in a browser. :)

#2 - 2010-04-26 15:40 - Karsten Dambekalns

Maybe it would make sense to create a new VM for the demo, since you have the infrastructure anyway. Then we could still decide to go the full way #7358 is pointing to...

#3 - 2010-04-27 17:38 - Andreas Förthner

- % Done changed from 0 to 90

I have created a new VM and the DNS records are pointing to it. We just have to setup proper user accounts for the deployment.

#4 - 2010-05-03 17:50 - Karsten Dambekalns

- Status changed from Accepted to Resolved
- % Done changed from 90 to 100

Thanks, Andreas. Works fine.

#5 - 2011-05-05 13:49 - Robert Lemke

- Project changed from Core Team to Base Distribution
- Target version deleted (518)

#6 - 2012-08-31 10:39 - Robert Lemke

- *Project changed from Base Distribution to TYPO3.Neos*
