

TYPO3.TYPO3CR - Bug # 93

Status:	Resolved	Priority:	Should have
Author:	Karsten Dambekalns	Category:	
Created:	2008-01-18	Assigned To:	Karsten Dambekalns
Updated:	2011-05-05	Due date:	
Subject:	Complete StorageAccess interface		
Description			
The interface misses methods that are actually present in the PDO implementation for it and thus mock objects cannot be created automatically.			

History

#1 - 2008-01-18 02:33 - Karsten Dambekalns

(In r430) TYPO3CR:

- some whitespace changes to NamespaceRegistry
- added some methods to StorageAccessInterface, addresses #93

#2 - 2008-02-18 15:15 - Karsten Dambekalns

- Status changed from *New* to *Resolved*
- % Done changed from 0 to 100

Currently all method are present, but of course keeping the interface declaration in sync will remain an ongoing task.
