

TYPO3.ExtJS - Bug # 9323

Status:	Resolved	Priority:	Should have
Author:	Robert Lemke	Category:	ExtDirect
Created:	2010-08-16	Assigned To:	Robert Lemke
Updated:	2010-10-20	Due date:	
Subject:	Number of arguments of ExtDirect provider actions are registered incorrectly		
Description	<p>PHP methods annotated with @extdirect are registered as Providers by the ProviderViewHelper. Currently there's a bug in the calculation of the number of required arguments which leads to methods with zero required arguments not being registered correctly.</p>
