TYPO3.Fluid - Bug # 9454

Status:	Rejected	**Priority:**	Won't have this time
Author:	Daniel Lienert	**Category:**	ViewHelpers
Created:	2010-08-25	**Assigned To:**	Adrian Föder
Updated:	2012-11-14	**Due date:**	
Has patch:	No		
Affected Flow version: FLOW3 1.0.0			
Subject:	If condition in viewhelper attribute		

Description

It should be possible to set an attribute in a viewhelper by an if condition.

For example i want to set the attribute onchange conditional by an object property:
<f:form.checkBox name="name" value="value" additionalAttributes="{f:if (condition: '{object.submitOnChange}', then: '{onchange : \'submit()\'}')}" />

Fluid throws the exception: #1237900529: The argument "additionalAttributes" was registered with type "array", but is of type "string".

History

#1 - 2011-10-21 13:37 - Karsten Dambekalns

- Affected Flow version set to FLOW3 1.0.0

#2 - 2012-11-14 08:51 - Adrian Föder

- Category changed from Core to ViewHelpers

- Status changed from New to Rejected

- Assigned To set to Adrian Föder

- Priority changed from Should have to Won't have this time

- Has patch set to No

compare to #42474; since you want to omit the attribute at all, you have no other choice than to make the whole tag conditional.
