## History

#1 - 2005-04-09 19:15 - Rupert Germann

I can't reproduce this.

could it be, that you mean only the message that appears when entering the default view of an extension in the extmanager ? the tables will always updated correctly but the processing of the db fields is wrong in class.t3lib\_install.php.

this is probably a duplicate of bug 416. Did you try the patches I uploaded there ?

## #2 - 2005-04-09 21:01 - Ingo Renner

added a screenshot... EM in 3.8.0beta1

## #3 - 2005-04-09 21:34 - Rupert Germann

ok. this is a duplicate of 416.
