| Sprint Focus: | | | |
| Subject: | Warn about MySQL 5 while | e installing. | |
| Description | | | |
| | | | |
| PROBLEM: | | | |
| You make a clean | install over Apache/MySQL by do | wnloading 'typo3_src-4.0.2.zip' and | d 'dummy-4.0.2.zip'. You do everything by the |
| book, but you cann | ot login to the backend. | | |
| | | | |
| | | | |
| Why? Because the | re is no admin-user in the databa | se. You cannot even create an adn | nin user. Database Analyzer tells that user is |
| Why? Because the created but actually | | se. You cannot even create an adn | nin user. Database Analyzer tells that user is |
